# Land Acknowledgement Statement

We acknowledge the lands and waters now known as Maryland are the home of its first peoples: the Accohannock Indian Tribe, Assateague People's Tribe, Cedarville Band of Piscataway Indians, Choptico Band of Indians, Lenape Tribe, Nanticoke Tribe, Nause-Waiwash Band of Indians, Piscataway Conoy Tribe, Piscataway Indian Nation, Pocomoke Indian Nation, Susquehannock Indians, Youghiogheny River Band of Shawnee, and tribes in the Chesapeake watershed who have seemingly vanished since the coming of colonialism. We acknowledge that this land is now home to other tribal peoples living here in diaspora. We acknowledge the forced removal of many from the lands and waterways that nurtured them as kin. We acknowledge the degradation that continues to be wrought on the land and waters in pursuit of resources. We acknowledge the right of the land and waterways to heal so that they can continue to provide food and medicine for all. We acknowledge that it is our collective obligation to pursue policies and practices that respect the land and waters so that our reciprocal relationship with them can be fully restored.

# Support for Public Art in Maryland

MSAC's Public Art Program operates in two distinct areas:

## Public Art Across Maryland Grants

- Annual grant supporting the planning and implementation of projects to create new or conserve existing public artwork within the state.
- Supports Community & Artist driven projects at the local level.
- Exclusively for Maryland based artists and organizations

## Maryland Public Art Initiative *(Artwork Commissions)*

- The state's "Percent-for-Art" program.
- Acquires new artworks for public display in the State operated buildings and facilities
- Overseen by the **Maryland Public Art Commission**
- Works become part of the State of **Maryland's Public Art Collection**
- Open to Artists & Teams from across the U.S.

## “Percent-for-Art”

For all eligible state capital projects (new construction or major renovations)

**.05% of the construction costs are set aside to acquire public artwork** for that facility. This budget is sometimes referred to as the “Public Art Premium”

### Capital Project Eligibility:

- > 15,000 Sq Feet of occupiable space.
- > 50% of Capital Project budget funded by the State.

What is a  
**Public Artist Roster?**

# Methods of Artist Selection for Commissioned Work:

## Single Project “Call for Artists”

- **Request for Qualifications (RFQ)**  
Artists express interest and share examples of prior work; finalists interview for the contract.
- **RFQ + Proposal**  
Artists express interest and share examples of prior work; finalists present concept proposals to win contract
- Artists required to submit a unique application to every “Call”.

## Public Artist Roster Method

- **Artists** from a variety of backgrounds and working methods apply one time.
- **Independent panelists** review applications for “eligibility” (not the criteria of a specific project).
- **Staff** review application materials and pull groups of artists (60-100 per project) to be considered for specific opportunities.
- **Semi-Finalist Artists** (4-6 per opportunity) invited to dive deep into project and interview with the Selection Committee

## Timeline of Maryland's Public Artist Roster:

**DEC 2022:** MPAC approved use of Roster for two years (2023-2025)

**SEP 2023:** Initial Roster approved by MPAC

- 435 artists
- Artist Selection Method for 8 projects over two years

---

**May 2025:** NEW Roster opens for three year period. (2026-2028)

**June 30:** Application Deadline for new Roster

**August:** Panelist Review

**September:** MPAC Approval of new Roster

**The 2026-2028 Public Artist Roster will be the primary method of artist selection for Artwork Commission projects with budgets from \$50,000 to \$1,500,000,**

Artist's should be prepared to work on projects that:

- **Are Site responsive:** All of our projects are site-responsive. Artists would work with the project public art committee to design, fabricate, and install a permanent artwork specific to the site and community.
- **Are Architecturally-integrated:** artists would work closely with the building's design team to combine artwork with the architecture or landscape to create a permanent site-responsive artwork.
- **Engage the "Community" or public audience:** artists should plan and incorporate ways to engage with the "community" or local stakeholders as part of your concept development and design process.

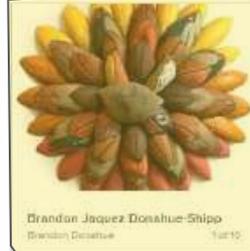

## How does a Roster Benefit Artists?

- One-time application\*
- Smaller pool of competition for commission opportunities
- Administrators empowered to advocate for artists best aligned for a project based on the preferences the applicant selected
- Recognition of being included on the Public Artist Roster, and visibility to other organizations who will refer to the Roster for local projects.

*\*Note MSAC's application mirrors what is used by other public art rosters nationally at the city, state, and federal levels. Do apply to other public art program rosters as well!*

# Rosters as a Searchable Public Resource:

Artists have individual profiles within the Roster.

The public can search for artists based on materials, working methods or location.

Staff can refer organizations looking for artists, or artists looking for fabricators to the Roster to make connections for local projects.

## Common Questions:

“Why is this open to artist’s and teams from outside of Maryland?”

“I was included on the last Roster. Why do I have to reapply now?”

“I was on the last Roster and never heard from anyone at MSAC...  
Does it work?  
Was my application ever reviewed?”

## The FY23-FY25 Roster by the numbers:

- **435 artists** were included in the 2023-2025 Roster
- **259 artists** (60%) of artists were reviewed by a committee at least once.
- Artists pulled for review, were considered on average for at least two opportunities.
